

We come from a wide range of church backgrounds and nationalities, as well as a breadth of stages of faith. Worshipping on a Sunday morning we have people of all ages and backgrounds, including many children and families as well as older folk. Our worship is Bible-based and aims to be family-friendly, contemporary and relevant to today's world. Through compassionate outreach and various activities to different age groups, we strive to share the message of Christ with our local community. We are committed to welcoming all into our inclusive community where every individual feels valued, empowered and inspired to live out their faith, fostering unity and diversity as we serve and grow in love.

We are an all age culturally diverse community of believers in a town centre church.

You will find our church profile on our church website which will give you more information of the church, community and our vision for our future minister.
